

# THE FLETCHER SCHOOL

TUFTS UNIVERSITY

## APPLICATION FEEDBACK REQUEST GUIDELINES

The Fletcher School welcomes applicants who have been denied admission in one year to apply again in a later year. One way to ensure that the second application will be stronger than the first, is to request and review feedback from the Office of Admissions. The intention of this feedback is to help you identify strengths and weaknesses in your application, and to assist you in preparing for your next application.

To request feedback, please send an email to [fletcheradmissions@tufts.edu](mailto:fletcheradmissions@tufts.edu) **after May 1**. Your message should include the following information:

- ♦ State your request for feedback, noting the date of your original application.
- ♦ Note any special questions you have about your application.
- ♦ Tell us your plans for the coming year.
- ♦ Tell us when you plan to reapply.

Application feedback will be provided starting in June. Please be patient – many applicants request a review of their application and it is a time-consuming process.

Thank you.
