Fall 2013: Registering for Classes in iSIS
For PHPD, Sackler, and Nutrition Students

Log In
Access the iSIS Log In page at http://go.tufts.edu/isis
Enter your Tufts Username and Password and press enter. Your customized iSIS homepage will appear.
Access issues? Contact iSISSupport@tufts.edu
Problems with your Tufts Username or Password? Go to http://tuftstools.tufts.edu/

Check for Holds
After logging in, your individualized iSIS homepage will appear. On the left hand side, there is a box called, “Holds.”

**Holds** are flags placed on your record indicating an outstanding obligation. If you have a hold that will prevent registration, such as a bursar balance, it must be resolved before you can register.

Add Classes to your “Shopping Cart”
At the top of your iSIS Homepage, click on the Plan tab and select “Shopping Cart.” A Select Term page may appear asking you to select the Term for which you want to add Classes. Select the appropriate Term and click CONTINUE. Your Shopping Cart page will appear.

You can also access your Shopping Cart by clicking on the Enroll tab and selecting the “Add A Class” option.
DON’T GET CONFUSED! This is not the Course Catalog number, but instead the iSIS reference number. Just ignore it.

The Course Number is the four-digit Course Catalog Number.

After selecting the appropriate radio button, click SEARCH.

Insert the 2-4-letter subject code (HCOM, PH, NUTR, CMP, etc.) The Select Subject button will take you to the listing of all of the subject codes.

After entering appropriate Search Criteria, click SEARCH. A Search Results page will appear.
Review Search Results

For Classes with multiple sections, click the View All Sections link.

To view more information about the Class (Course Description, Prerequisites, etc.), click on the Section link. A Class Detail page will appear.

If you wish to add this class, click SELECT CLASS.

Click NEXT to add the course to your Shopping Cart.

Waitlist Capacity: 0
Waitlist Total: 0
Available Seats: 0

Description

This course provides an introduction to the epidemiological perspective on health and disease. The course emphasizes the prioritization and methods used to determine and evaluate the patterns of disease in communities and in population subgroups. Methods and research designs used in the investigation of the etiology of infectious and noncommunicable diseases are presented. Lectures and laboratory exercises illustrate a wide range of contemporary health problems.

Enroll in Classes — Just adding classes to your shopping cart does not enroll you in those classes.

From your Shopping Cart, select the checkbox next to each class you wish to enroll in. Then, click ENROLL.

Review the “Shopping Cart: Confirm Classes” page. If there are no discrepancies, click FINISH ENROLLING.

Review the “Shopping Cart: View results” page to determine whether you were successfully enrolled in your selected classes. Review the Message section for any instructions.

After Enrollment – Swap or Drop a Class

Swap A Class
The swap function allows you to replace one course with another, and avoid falling below minimum credit requirements. It is available on the Enroll tab.

Drop a Class
To drop a class that you are enrolled in, click on the Enroll tab and select, “Drop A Class.”
