Check for Holds
After logging in, your individualized iSIS homepage will appear. On the left hand side, there is a box called, “Holds.”

Holds are flags placed on your record indicating an outstanding obligation. If you have a hold that will prevent registration, such as a bursar balance, it must be resolved before you can register.

Add Classes to your “Shopping Cart”
At the top of your iSIS Homepage, click on the Plan tab and select “Shopping Cart.” A Select Term page may appear asking you to select the Term for which you want to add Classes. Select the appropriate Term and click CONTINUE. Your Shopping Cart page will appear.

You can also access your Shopping Cart by clicking on the Enroll tab and selecting the “Add A Class” option.
To search the Schedule of Classes, select the **Class Search** radio button.

To search your program requirements, select the **My Requirements** radio button. This allows you to pull classes from your Advisement Report.

To search the Schedule of Classes, select the **Class Search** radio button.

After selecting the appropriate radio button, click **SEARCH**.

If you know the Class Number for the Class you’d like to add, enter it in the **Class Nbr** field and click **Enter**. The class will appear. Click on the **Next** button to add the class to your Shopping Cart.

You can find the 5 digit Class Number in the Course Listing/Schedule.

**Note:** It is **NOT** the Course Catalog number.

**Class Career:** For Fletcher students, the Class Career will default.

Although you can see the courses offered in other programs, you can’t cross-register electronically—continue to use the paper Cross-Registration forms. For Independent Study courses, you will still need to use the paper forms. Contact the Registrar’s Office for more information.

The Course Number is the four-character **Course Catalog Number** (ie: P201, B200, L200).

Insert the 3-letter subject code (DHP, ILO, or EIB). The **Select Subject** button will take you to the listing of all of the subject codes.

After entering appropriate Search Criteria, click **SEARCH**. A Search Results page will appear.
