

Names of Naturalists _____

Our Sea Creature

Write a paragraph about your sea creature. Include the following information:

- The name of your creature
- Describe your creature's environment including which ocean or body of water it lives in and what it is like there. What would your creature *see, hear, feel, taste and smell?*
- All adaptations that help your creature to survive in its environment including how your creature:
 - Breathes
 - Keeps warm or cool
 - Eats
 - Protects itself
 - Moves
 - Any other adaptations you included in your creature
- Be sure to describe in detail how each feature helps it to survive.
- Remember to indent and include a topic sentence, details and wrap-up sentence.
