Elon Musk Takes over Twitter
Where's the outrage about 'grooming' teenagers to be racist mass murderers?

Senator Lana Theis accused me by name of grooming and sexualizing children in an attempt to marginalize me for standing up against her marginalizing the LGBTQ community...in a fundraising email, for herself. Hate wins when people like me stand by and let it happen. I won't.

Remember when “gaslighting” meant a very specific form of domestic abuse and then people started using it about politicians, things you could fact-check, just as a substitute for “lying”? It’s wild how abuse terms get taken away and it’s what’s happening now with “grooming.”

I've come to realize that there's so much pushback against claims of antisemitism because people don't actually know what antisemitism is. Most people think antisemitism is simply racism against the Jews.

DeSantis went after Disney. He took on the trans agenda. He shipped illegals to Martha's Vineyard. He defied Fauci. If you think he's establishment then you truly have absolutely no idea what the establishment is, how it operates, or what it wants. You are just clueless.

Yet ANOTHER GOP groomer has been busted for child abuse, tell me how the FCUK Republicans are running on crime as an issue

I'm from New York so this ain't news to us, but the rest of America is now finding out that the Jews run everything is jokes.

DeSantis the groomer. Several Students recalled that Mr. DeSantis was a frequent presence at parties with the seniors who lived in town. Most spoke about socializing with him on the condition of anonymity because they feared backlash for speaking publicly about it. As an 18-year-old, I remember thinking, 'what are you doing here, dude?' one former student said.

When the right says the left is "grooming" kids what they mean is "the left is exposing our children to people and beliefs different from ours thereby teaching them to critique and possibly reject white supremacy and Christian nationalism". But "grooming" is easier to say.

"If you've been calling librarians and teacher "groomers". If you've been vilifying trans kids and trans adults. If you're criminalizing drag shows. If you want kids not to know gay people don't exist, and strip their equal rights. Colorado Springs is the result."

"Adults should be able to hold two ideas in their head at the same time.
1) Grooming kids with drag shows is bad.
2) Shooting up a gay club is also bad. This isn't complicated."

"Republicans called gay people groomers. They wanted them to die. F**k their thoughts and prayers."

"The Jews had better start being nice to people like us, because what comes out of this is going to get a lot uglier for them… Meet neo-Nazi Nick Fuentes. Fuentes was President Trump's dinner guest at Mar-a-Lago this week along with Kanye West."

"We need to be clear; the rights response to the Club Q shooting was not "thoughts and prayers" but instead "the groomers deserved it". This is the rhetoric continuing to escalate. This is inciting violence. It will continue to get worse, as will the violence against trans folks."

"On all the "groomer" talk and other hateful rhetoric from the right"

The real, factual definition of child grooming is forming a relationship with a child and sometimes their family to gain the child’s trust for the purpose of sexually abusing them. It has nothing to do with LGBTQ people or drag and saying it does is harmful to real child victims

Kanye’s tweets exemplify why antisemitism is so hard to uproot: it’s a self-affirming conspiracy theory. The antisemite claims that Jews control everything. Then, if they’re penalized for their bigotry, they point to that as proof. Heads they win, tails Jews lose.

If Twitter had existed in WWII you’d have hot takes like, “Could the Jews have organised the gas chambers to make the Germans look bad?” and “Why is the world so Germanophobic just because Hitler is restoring his country’s rightful historic borders?”

In case you were wondering if celebrity statements had impact on hate in the real world.

Antisemitism is real. It exists.

When we talk about it, and the tropes that it comprises—mostly subtle, shadowy, by design—we can begin to do the work of combating hate.

Chappelle made a lot of excuses for Kanye and Kyrie Irving's antisemitism on SNL last night. I want to focus on one idea in particular, because it's prevalent far beyond these 3 Black entertainers.

"The Jews control Hollywood."

Those of you voting for fascism today:

Remember fascism only works if you have someone to hate. Once they've gotten rid of the Jews, the Gays, the POC, the foreigners, the illegals, et al, fascism STILL needs someone to hate.

That's when they come for YOU.
More than a day since "Kanye is right about the Jews!" was projected at a Florida v Georgia game which DeSantis attended. Not one Republican has condemned it. Cuz they agree. Cuz they know their base loves this anti-Semitic shit.

The mainstreaming of anti-Jew hate is accelerating.

The Jews are not responsible for the world's problems. Thought this was obvious, but here we are...

"The Jews" is trending on Twitter, and its algorithm has selected Ye as a "Top" person to follow while @ElonMusk fires roughly half of the company’s staff, including many of its policy experts and content moderators." @VICE

"Kanye was right about the Jews." This Anti-Semitism in neon lights portends a darkness descending across America. The imperiled “they” are us. @AP

The Jews Believe Their Messiah Has Arrived... Are You Paying Attention Christian?

The Jews are not responsible for the world's problems.

9-10 November 1938 | November Pogrom organized against the Jews throughout Nazi Germany. Hundreds killed & died by suicide, 30,000 men arrested, over 1,000 synagogues burnt, over 7,000 Jewish businesses destroyed or damaged: https://en.wikipedia.org/wiki/Kristallnacht

I personally think, and I’m sorry to be controversial, that it’s bad news the de facto GOP party leader and presumptive 2024 presidential nominee met with this guy.

All snark and sarcasm aside, I really, really hope journalists and the Democratic Party treat Trump’s meeting with Nick Fuentes as the scandal that it is.

This guy has made openly genocidal, authoritarian statements about the Jews within the past few weeks. It’s horrifying.

Think about that.

A former U.S. president colluding with a Neo-Nazi.

If Jews control the media how come so many singers, actors, comedians, publications and celebrities are openly antisemitic?

I will defend my Jewish friends and neighbors with my life, my lifetime of military training, and the weapons that I also own thanks to the 2nd Amendment. These motherfucers will pay in America.

Nazis forced all the Jews into a ghetto in Warsaw and then started shipping them to the death camps on trains. The Jews knew what was happening and eventually rebelled (Warsaw Uprising).

Know how long it took? 80% of the Jews were already gone before they rebelled. Human nature.

We use specialized technology and algorithms to access and analyze large amounts of open-source data. For this analysis, we have assembled a dataset of 3.9M Tweets, between March 01, 2022 and November 27, 2022, covering three categories of hate speech on Twitter in the United States i.e., antisemitic hate speech, anti-LGBTQ+ hate speech, and ethnic and racial hate speech.

Further, to understand whether the amount of hate speech or the toxicity level on Twitter changed (increased, decreased, or remained the same) since Elon Musk took control of Twitter, we identified the top 20 most popular Tweets based on the total number of retweets across the three hate speech categories and across specific time intervals.

- The first time period, covers roughly eight months prior to Musk’s ownership of Twitter from March 01, 2022 to October 25, 2022.
- The second time period, post-Elon Musk’s takeover, covers October 26, 2022 and November 27, 2022.
- To add further granularity, the time period of analysis post Elon Musk’s takeover is further broken down by two weeks intervals i.e., October 26, 2022 to November 13, 2022 and November 14, 2022 to November 27, 2022.

Toxic Tweets from the list of top 20 Tweets across the hate speech categories and time periods are then manually picked and flagged by our experts. We have cleaned up the dataset to exclude spam tweets and other irrelevant topics if any.

**Data Limitations**

Given the high volume of posts and length of the timeline, we cannot collect, measure and analyze every single tweet related to this topic. Our access to the Twitter API algorithmically downsamples the data collected, but the overall trend and patterns are consistent with the full sample.
