

## Member Volunteer Contract

I will be volunteering at \_\_\_\_\_

I understand that...

This is helping me to explore interests, develop skills, gain experience and make connections

This most likely will NOT lead to paid employment at this specific organization

There is no pressure to engage in volunteering if I do not want to

**IT'S YOUR CHOICE**

- Volunteering can be a great step towards employment
- It can be something you add to your resume & talk about with future employers

You may want to talk about:

- The tasks you completed while there
- The amount of time you volunteered
- The skills you learned
