

STEM/Coding After-School Instructor Positions Available NOW. Part-time! (K-5th, 6th-8th)

CodeAdvantage is seeking after-school instructors who are available to teach our in-person coding, LEGO® robotics, video game design and other STEM classes!

Do you love to explore, create, and play with video games, LEGO®, technology? Do you have a blast when helping children? If you said YES, then YOU are ready to join our excellent team of dedicated, creative, and fun CodeAdvantage instructors!

Part-time, \$25+/hour* (work is a few days a week 3pm onward)

Advantages:

- Build your resume and gain relevant and valuable work experience working with the National Leader in After-School Coding and Robotics Education
- Have a blast inspiring the next generation of computer programmers, inventors, and creative thinkers!
- Get a flexible schedule to fit your needs

Key Responsibilities

- Follow provided lesson plans for the creation of fun and cool projects
- Oversee after-school classes in partner locations and create an engaging learning atmosphere
- Maintain regular communication with CodeAdvantage Management team
- Inspire students to have fun while creating STEM and coding/robotics projects

Requirements

- Experience working with kids and/or an enthusiastic attitude about helping kids learn new skills
- Willingness to learn new kid friendly programming platforms. Experience with Scratch Jr, Roblox Studio, Minecraft, and Scratch preferred but not required
- Responsible, organized, and able to travel to after-school location
- Teachers, Substitutes, Undergrad/Graduate students, gamers, and other interested applicants are encouraged to apply.

***Extra Pay and Benefits**

- Base pay begins at \$25/hour
- Applicants with their own car that can drive to class will receive \$30/hour plus mileage, parking, and tolls reimbursed.
- Additional pay above base is possible based on instructor experience, seniority, and class size
- Paid training

Interested applicants should have a valid social security number/be able to work in the US, and complete a background check.
