

BECOME A SCHOOL GARDEN VOLUNTEER!

Sign up here!

Groundwork Somerville is a local, urban agriculture non-profit that maintains Somerville's only urban farm and the gardens in all of Somerville's public schools! Our mission is to cultivate the next generation of environmental leaders to grow a greener and more equitable Somerville.

We are looking for college students to volunteer weekly in our school gardens. Come help us grow a sustainable, community-driven food system for all ages!

Volunteering includes:

- Engaging with youth of all ages in garden spaces
- Leading garden activities and games
- Having fun outside!

Email kenzie@groundworksomerville.org with any questions.
