How do I apply for scholarship assistance?

The scholarship application is found within the online application on the Scholarship Application page and on your Application Status page. The form is separate from the application and you will need to log in to access it. **ALL** applicants must indicate whether they want to be considered for scholarship assistance using the Scholarship Application Form. The form must be completed **IN FULL** by the applicable application deadline.

I submitted my application. What happens next?

Your application is **not** complete until a staff member has reviewed each document to check that it is complete and legible. The Admissions Office will continue processing applications after the deadline. Your **Application Status** page will display information about your status. To view the Application Status page, log in with the same email and password that you used in your application.

How do I know if my application is incomplete?

Your **Application Status page** displays the most up-to-date information on your application. Please allow up to 10 days between when we receive your materials and when we update your status. Your application is incomplete if we find that items are missing, your transcripts are difficult to read or not translated into English, or your application fee has not been received (with the exception of fee waivers). If we are missing materials or cannot read application documents, we will contact you.
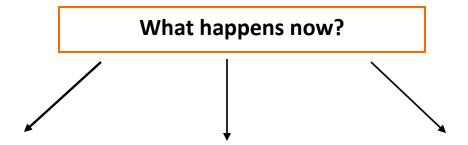

How do I know if my application is complete?

Fletcher Admissions will send you a confirmation when all of your application materials have been compiled and your application is ready to be reviewed by the Admissions Committee. Once your application is complete, no further action is required.

Please Note: the order in which your application is processed has no bearing on your admissions decision.

When will I receive my decision?

Admissions decisions are released according to the underline deadline you applied for. We will send a message to the email address you used on your application with information regarding your decision.

What happens now?

Admitted

Scholarship aid decisions are sent with the admissions decision (with the exception of the Early Notification deadline). You must fill out the online response form to inform us of your decision. The response deadline for January enrollment is early December and for fall is April 20. Further information will be provided to admitted students, including details about Admitted Student Open Houses and other events.

Waitlisted

Waitlisted applicants must use the Waitlist Reply form to indicate their interest in remaining on the waitlist. You will receive additional communications after April 20, when we have a better idea of our enrollment. Note that the waitlist is not ranked. We review each applicant on the waitlist when we are able to make offers of admission. Applicants on the waitlist are welcome to send updates on their application.

Denied

We will accept requests for feedback starting May 1. We will hold application materials for 3 years. If you choose to reapply during that time, you must submit a new application, but can reuse some supporting documents.

Click here for more information about reapplying.

REMINDER: Accessing your Application Status Page

To access your Application Status Page you can either click on the "Start an Application" link on the Admissions website (fletcher.tufts.edu/Admissions) or save the link fletcher.admissions.tufts.edu/apply. You will login with the email and password you created your application with.

If you have further questions, please contact us at fletcheradmissions@tufts.edu or call us at 1-617-627-3040.

Use the same email address from your application on all email messages.

Due to the high volume of communications we receive, it can take several days for us to reply to you.

We appreciate your patience.
