

The LASTING Project

Tufts Nutrition Council

June 9, 2022

Leading
A
Sustainability
Transition
In
Nutrition
Globally

The impact of diets

Global burden of
disease and poor
nutrition

Environmental
footprint

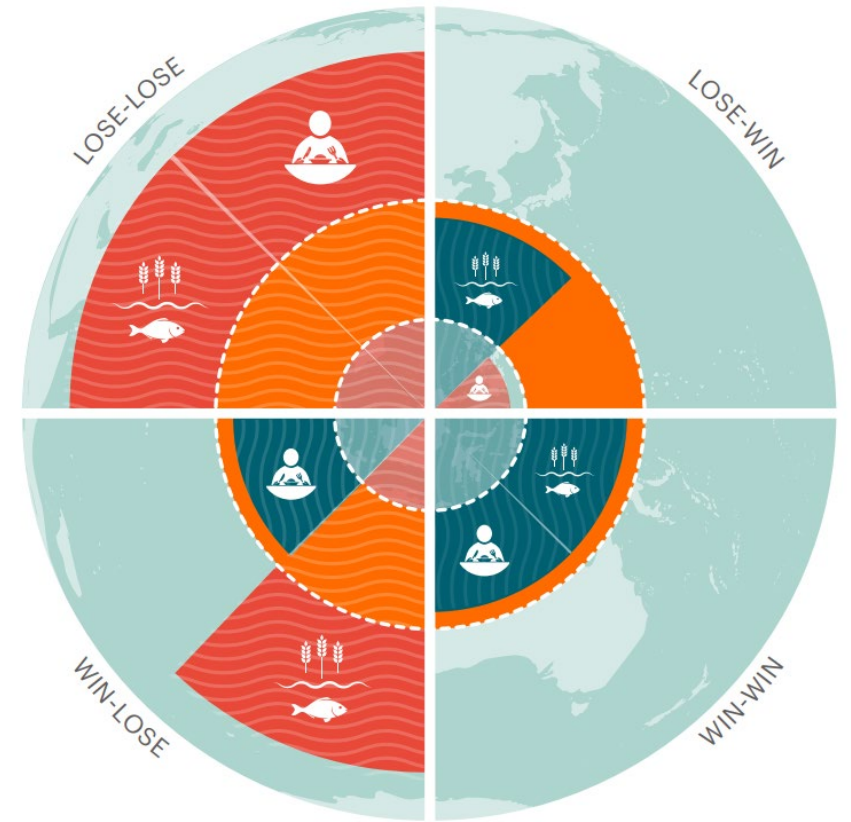

Labor and
livelihoods

Rising cost of food

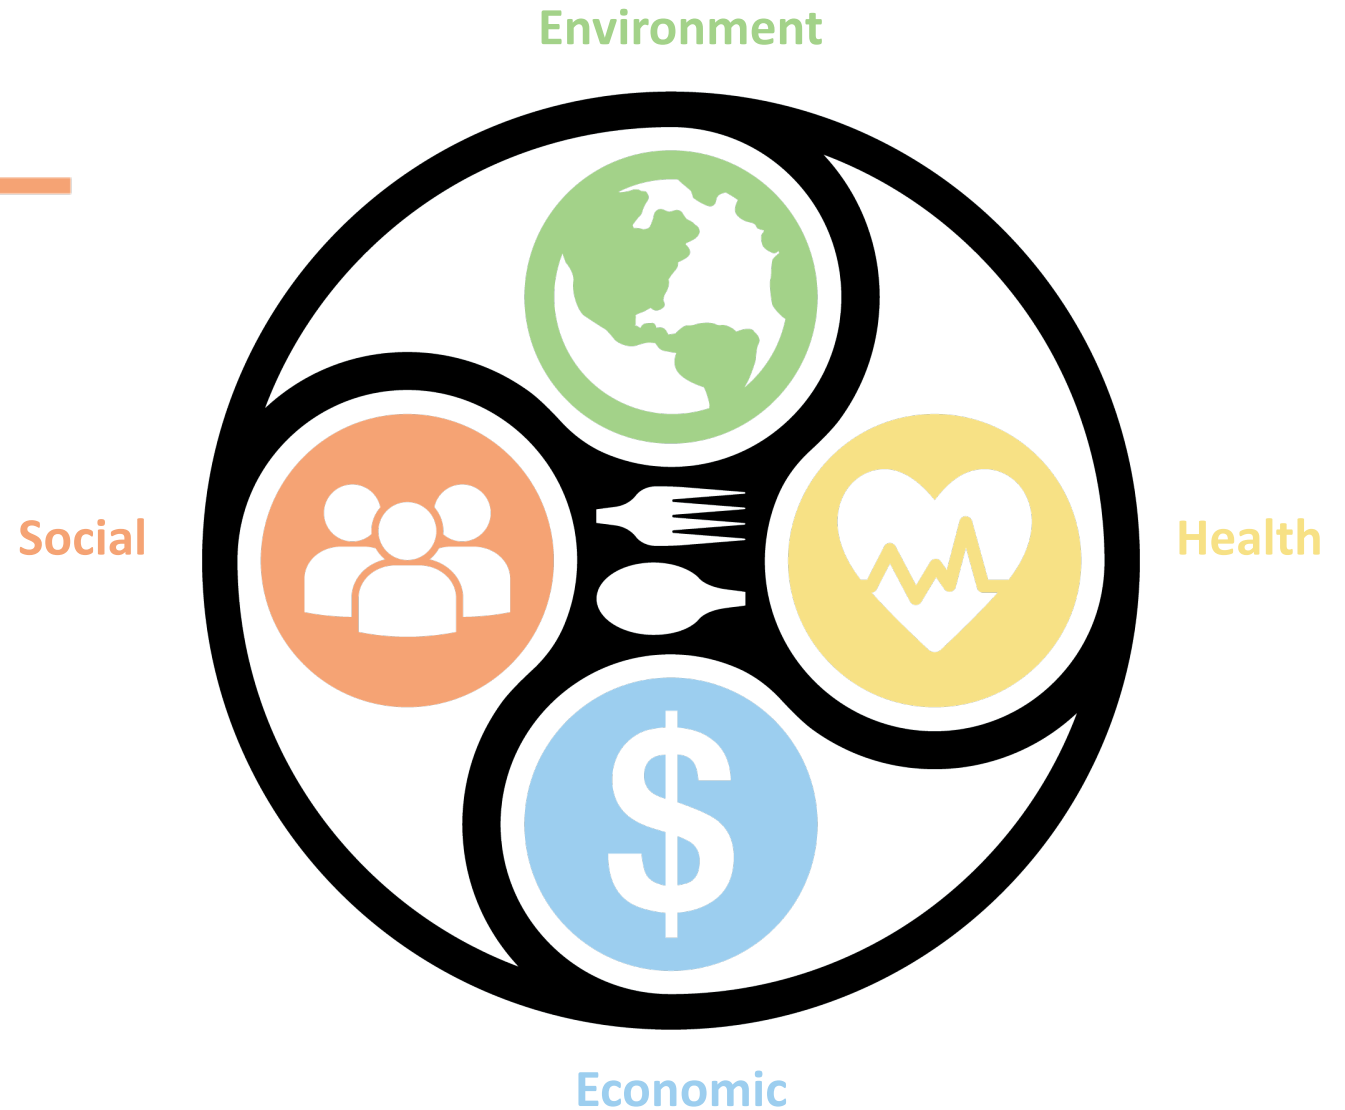

The gap

Our goal

Putting **diets at the core** of science and policy to improve all four pillars of sustainability simultaneously

Four Pillars, Four 4 PIs

Nicole Tichenor
Blackstone
Assistant Professor

Sean Cash
Associate Professor

Patrick Webb
Professor

Fang Fang Zhang
Associate Professor

Our team

Nicole Tichenor
Blackstone
Assistant Professor

Sean Cash
Associate Professor

Fred Cudhea
Statistical Programmer

Julia Matteson
Project Administrator

Nicola McKeown
Research Professor

Lu Wang
Postdoctoral Scholar

Patrick Webb
Professor

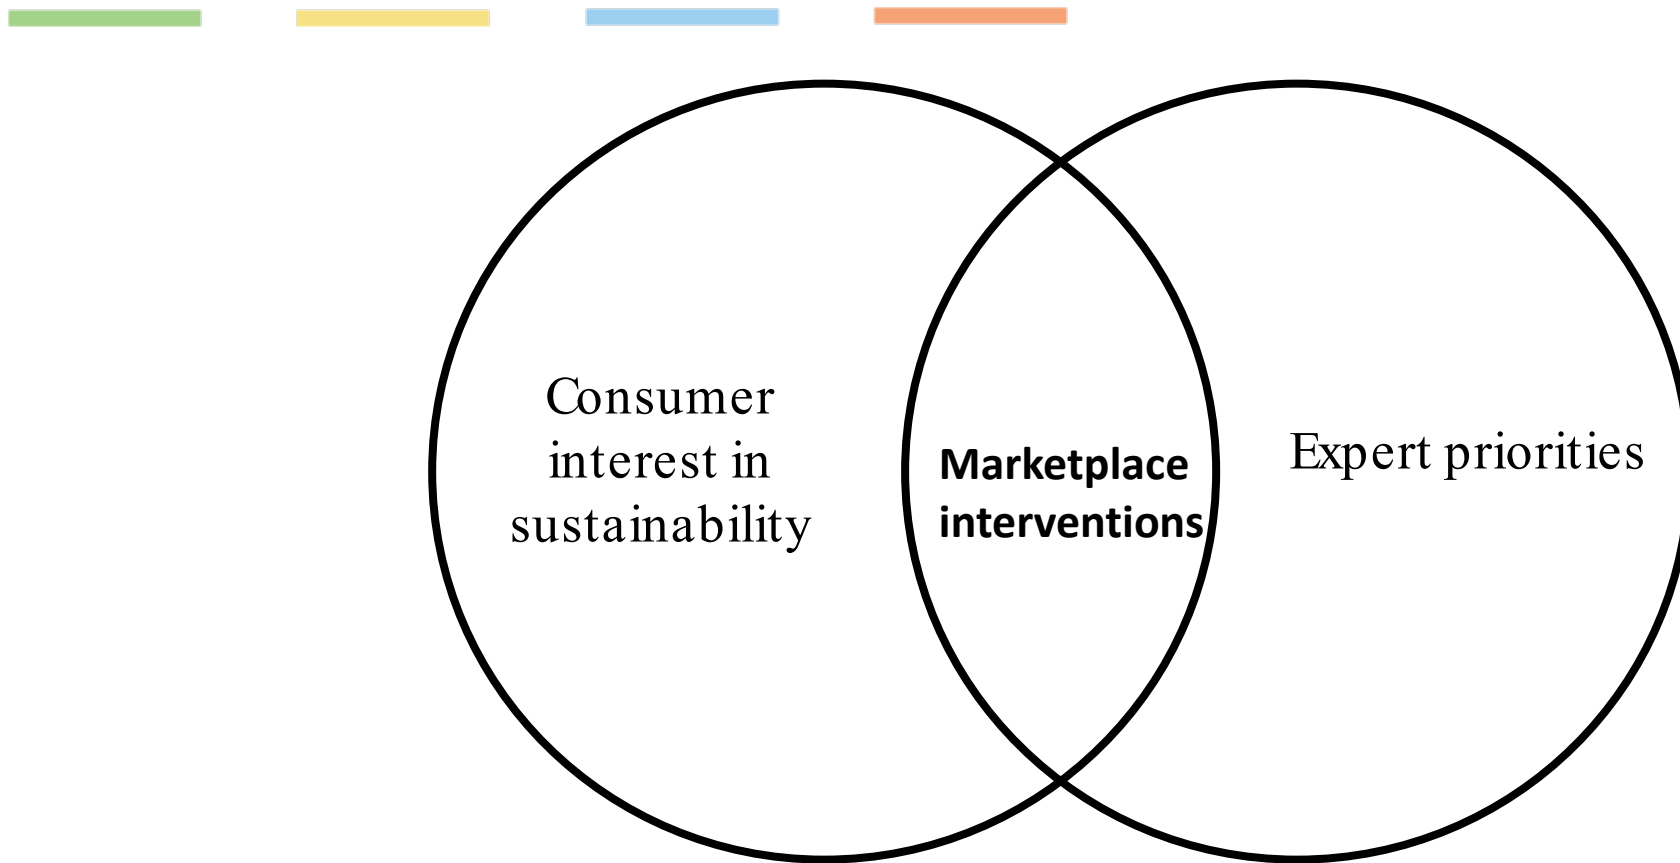

Fang Fang Zhang
Associate Professor

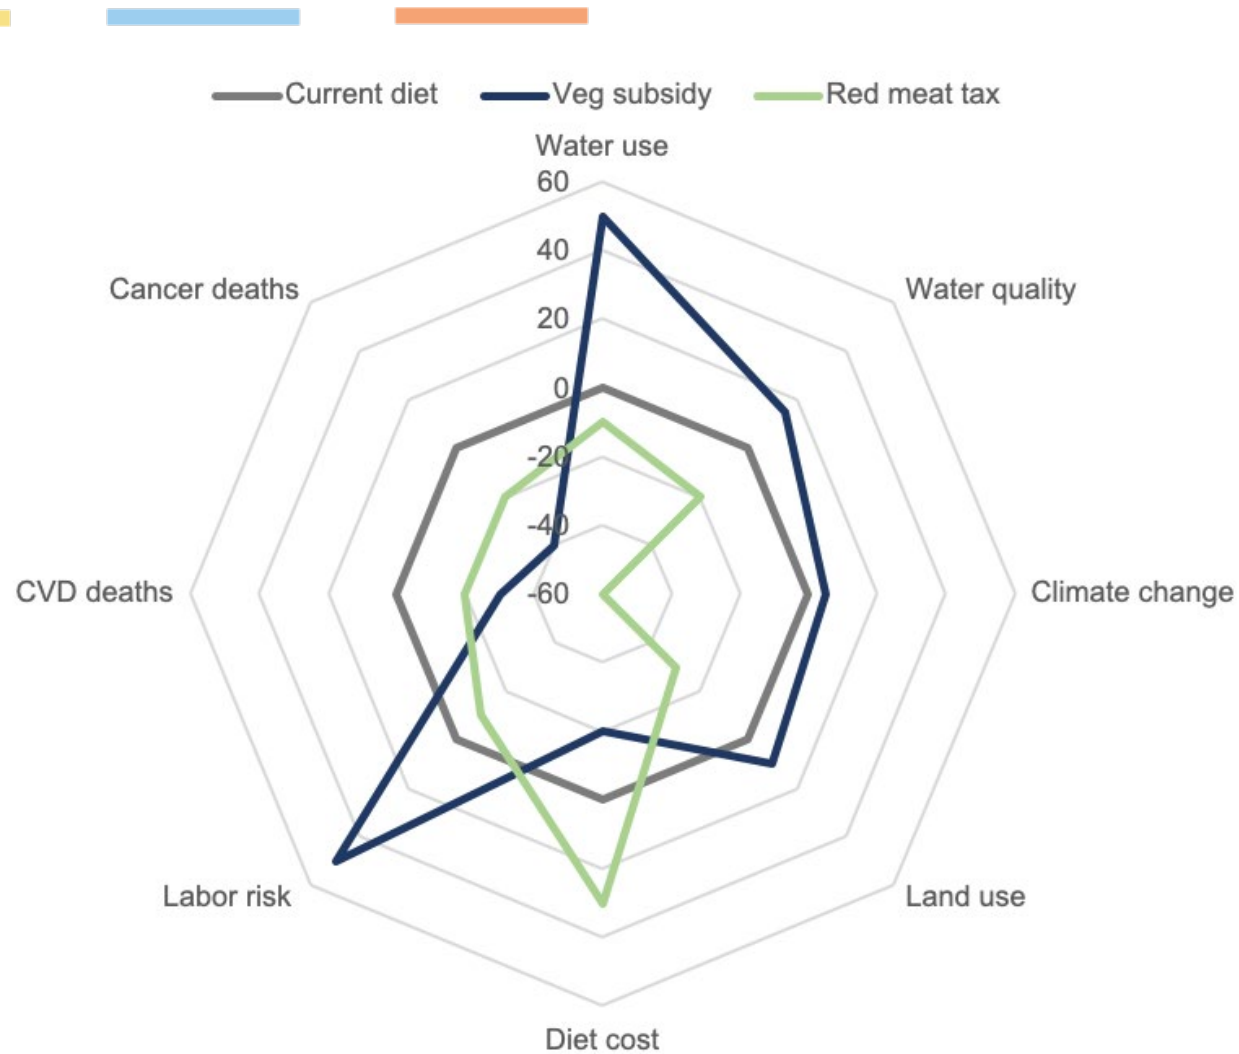

Aim 1 - Identify the gaps

Aim 2 – Assess intervention “sweet spots”

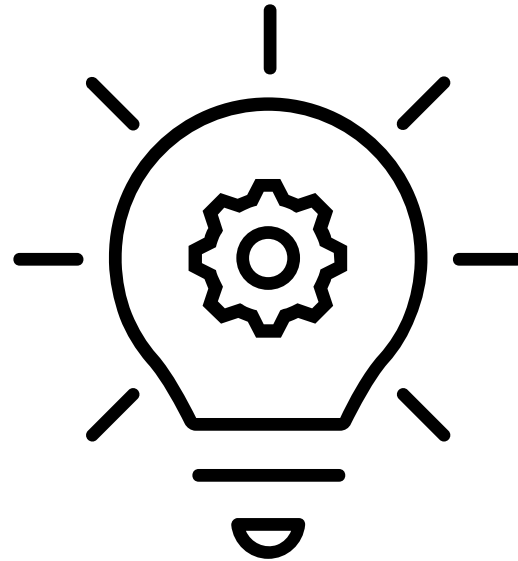

Aim 3 – Estimate the impacts of shifting diets

Aim 4 – Position Tufts at the center of the conversation

Gerald J. and Dorothy R.
Friedman School of
Nutrition Science and Policy

Trainee engagement:

- 4 Postdoctoral Fellows
- 1 PhD & 5 MS students (and counting)

Thank you!
