

Senior Survey 2020
Significant Impact Nominations

Nikhil Nair - Chemical and Biological Engineering

"Please identify up to 3 individuals (Tufts faculty, administrators, staff) who contributed significantly to your intellectual and/or personal development during your time at Tufts."

Nikhil Nair - Comment(s)
Professor Nair was the PI for the lab that I worked in, and while we did not have that much personal interaction, he made sure that I was fully included in lab events and meetings. Working in the lab has been one of the more influential experiences I've had at Tufts.
