What times and days are you available to do engineering activities with the assistance of STOMP fellows? Please only indicate blocks of time that are **at least 60 minutes** long.

	Monday	Tuesday	Wednesday	Thursday	Friday
Times:					

Why are you interested in becoming part of, or continuing with, STOMP?

IMPORTANT. PLEASE READ BEFORE SUBMITTING.

The mission of STOMP (Student Teacher Outreach Mentorship Program) at Tufts University is to mentor teachers in integrating engineering and technology. The STOMP program is not intended for use as a separate entity from your daily classroom teaching. You as the teacher are required to be an active part of STOMP.

The Tufts Program makes every effort to support schools local to the Tufts University Medford/Somerville and Boston campuses. STOMP has a limited number of fellows; therefore, priority will be given to local schools and schools that are easily accessible from Tufts. Please contact the STOMP manager with questions or concerns. (See contact information above.)

By submission of this application, I hereby certify the information I have provided on the application is correct to the best of my knowledge.
