

Support/Accounts: To receive an access code you and your students can use to create an account

- Dental: Jennipher Murphy (jennipher.murphy@tufts.edu)
- All other schools: edtech@tufts.edu

Student View
on a personal device

Instructor View
(not projected)

Overview

Students need to

- bring a web-enabled device (smartphone or laptop)
- login to LC/join a Session ID given before each class starts
- answer/see results on their device

Faculty need to

- create/deliver questions directly on the LC website (not linked to PowerPoint)
- control delivering questions/showing results, ideally on a separate tablet or computer
- choose to display results to student devices (projection on the screen is optional)

Question Preparation

I. CREATE: Course > Modules > Questions in each Module

Course

1. Go to www.learningcatalytics.com
2. Log in with your instructor account
3. Click on "Create Course"
4. Type in the "Name" of your course and "Save and Continue"
5. Save default settings under General Information and click on "Save"

Module

1. Click "Create Module"
(Typically, each module is organized by session, e.g., week 1, lecture topic)
2. Choose Response Type (Typically, select Synchronous for in-class clicker-style use)
3. Click on "Save and Continue"
4. Select your Participation weight
5. Click on "+ Create a new question"

Questions

1. Select your Question Type & Discipline
2. Add your question into Prompt
3. Add your answers into Answer/Explanation (for a multiple choice question, add your answer choices here)
4. Click on "Save"

II. PRACTICE: Start Session > Deliver a Question > Show Results > Stop Delivery

1. Start Session (It enables a Session ID code that students can enter to join. Write the code down.)
2. A student view window will pop up in a separate window, type in the Session ID to the box & join.
3. Go back to the instructor view window to deliver each question, show results, and move to next question (toggle back/forth with the student view window to test what students see)
4. Move to next questions and repeat #3. When the test run is done, click End Session.

Presenting in the Classroom To avoid confusion of toggling between lecture content and LC website:

Option 1: If you have a tablet or smartphone,

login to the LC instructor account/deliver questions on the tablet or smartphone. Project your lecture content on your laptop or classroom computer connected to the projector.

Option 2: If you don't have a tablet,

login to the LC instructor account/deliver questions on the classroom computer. Project your lecture content on your personal laptop.
