

MASSDEP CLIMATE MEETING

American Institute of Chemical Engineers

AIChE-Boston Dinner **Thurs April 13, 2017**

6:00 - 6:30 pm Registration, 6:30 - 8:30 pm Meeting

Tufts University - SciTech Bld - Medford MA

Massachusetts Department of Environmental Protection *Climate & Environmental Projects and Challenges*

Massachusetts is showing the way to a **clean energy economy** — and it is reaping some of the **direct benefits in economic growth** — through the policies that **reduce emissions** by promoting **greater energy efficiency** and **developing renewable energy**.

Speakers:

- * **Sharon Weber** - Deputy Director, Division of Air & Climate Programs, MassDEP
- * **James Doucett** - Director, Clean Energy Results Program (CERP) MassDEP

Presentation covers the following Projects

- Mass Global Warming Solutions Act
- **Mass Greenhouse Gas Inventory**
- Implementing Mass Organics Waste Ban
- **Anaerobic Digester Infrastructure**
- Q&A / Roundtable Discussion

Everyone Welcome!

Let's talk about Climate Solutions in Massachusetts
