An absolutely disgusting looking but mighty tasty cake that looks like a Kitty Litter Box. Perfect for Halloween.

Ingredients

- 2 18.5 oz Boxes of Classic Cake Mix (or your favorite flavor), cooked to package directions and cooled completely.
- 2 16 oz. tubs Creamy Chocolate Buttercream Frosting (or your favorite flavor)
- 14.3 oz box Vanilla Sandwich Cookies (you will need about 30 of the cookies)
- Blue Food Coloring
- Green Food Coloring
- 15 Tootsie Roll Midgees, unwrapped or however many pieces of "cat poo" you want on your cake
- Small Cat Box (14½ L x 11¼ W x 4" H)
- Cat Scoop

Instructions

1. Thoroughly wash and dry the cat box and scooper.
2. Place one cake into the cat box, frost with just under 1 tub of frosting.
3. Place the second cake on top. Frost the top with just under 1 tub of frosting (or use the whole can if you like a lot of frosting).
4. In a blender, working in 2 batches, crumble the cookies until they resemble kitty litter.
5. Scoop out ¼ cup of the litter, divide ½ cup of the crushed cookies into 2 zip lock bags. (Each bag will have ¼ cup crushed cookies).
6. Drop 3 -4 drops of green food coloring into one bag and ¼ drops of blue food coloring into the other bag. Shake the bags until the food coloring is mixed and they are small colored "crystals" of cookies.
7. Sprinkle the non colored cookies over the frosted cake.
8. Sprinkle the blue and green crystals over the non colored cookies.
9. Place half the Tootsie Rolls on a microwave safe plate, microwave for 10 seconds, or until slightly soft. (Careful, they will be hot)
10. Form the Tootsie Rolls into pieces of cat poo.
11. Place on cake and roll around in the "litter" if you would like.
12. Place the litter scoop into the cake.
13. To serve, you can either use the scooper, or cut with a knife for cleaner cut slices.
